## HAMLIN FOOTBALL BOYS BANQUETED

It is generally understood that football players are not allowed to over eat while the campaign season is on. Evidently that is true, for it was found out Monday evening at the Morgan Hotel that the Pied Pipers can make a sumptuous plate of eats disappear like a snow ball in August. The Herald man knows... we sat between two of them, and it's a fact. And that's not all... we observed a lot of old Dads who excelled the boys when it came to sinking "turkey." On some lines it is hard to beat the old Dads. And Dads were out that night in grand fashion, some of them who never had a son and never will have one. It was also observed there were several fellows training to be dads some day. This class of business men took a great interest in collecting banquet money, making announcements, etc.

Yes sir, there were about 90 men and boys at the "after-play banquet," Monday night.

Most of the Pipers had their dads with them or some man who played the part of a dad. They came from every community around Hamlin. You know it is interesting to observe how proud a father is of his son, who makes a good showing. That is as it should be.

The program was short and to the point. Ivy R. Witt was toastmaster and the main speaker and reviewed the ways and reasons the Hamlin business men had so constantly backed the Pipers and their Coach, Mr. Smith, this season. Witt compared the struggle on the field of play to that of the struggle in the business arena, where men must play, strive, surge, push, give and take, succeed and fail, smile and endure.

The response to Mr. Witt's remarks was given by Cecil Sellers in a short but deeply appreciative manner. Short talks were made by Coach Smith, and Tom Teague, who is president of the School Board. Mr. Teague has proven that he is a pretty fine "Field Father." (That is a new word we have just coined.) One would think Mr. Teague had a half dozen boys and all of them were on the football squad. It would be hard to tell who has done the most for the morale of the Pipers this year, Tom Teague or Coach Smith, in reality the honor belongs to many and all of the boys up and down Central Avenue. It has been observed that the men of Hamlin have given their time, their automobiles, their goods, their money, their presence all along right down the line, all the season.

One of the striking observations Monday night was the tribute paid the boys of this year's team. No higher compliment could be paid a bunch of bouncing bouyant bully ball boys than that given by Tom Teague. He said he had been on the practice field frequently, and in every place where the boys were during the season and at no time had he ever heard any language, seen an act of conduct that he would be ashamed for his mother, wife or sister to see or hear.

The Herald will back this up for

## MORE INFORMATION FOR FARMERS

STAMFORD, Nov. 30.—More than three hundred interested farmers and landowners have attended nine meetings in Haskell, Jones and Fisher counties, where the water facilities program has been explained and discussed by technical members of the Soil Conservation Service staff, Farm Security Administration, and the State Extension Service, according to James M. Bird, Project Conservationist, Stamford.

The program offers federal assistance in providing the following specific kinds of facilities: ponds, reservoirs, wells, including their repair, detention, retention and diversion dams, pump installation, including windmills, spring developments, water spreaders, stock water tanks, facilities for flood irrigation, and small irrigation facilities either for individual families or small groups of families, including rehabilitation of such facilities, and facilities for recharging underground reservoirs.

Along with the development of the above-mentioned facilities will be a complete program of soil and water conservation involving all the known practical measures applicable, such as terracing, strip cropping, contour tillage, crop rotation, contour furrowing, ridging and listing and control grazing, Bird said.

Those interested in making application for the program may secure application blanks at the following offices: R. E. Skipworth, Rural Supervisor, Haskell, Texas; G. R. Schumann, County Agent, Haskell, Texas; Soil Conservation Service, 221 E. Hamilton Street, Stamford, Texas; County Agent Floyd Lynch, Anson, Texas; Robert C. Cross, Rural Supervisor, Anson, Texas; and T. H. Roensch, County Agricultural Agent, Roby, Texas.

It is well known that a newspaper gets an inside into the way things go, in football and other things, and we shall say that unto this day, no rumors of misconduct, dirty language, lack of respect, disloyalty or anything but the highest type of good behavior and discipline has reached our attention. Right here we must give much of this reputation to the three young men who have associated with these boys: Coach Smith, his assistants, Griggs and Sunderman. High ideal conduct is stimulated in the home, the school, the associates, and nothing counts as far as being a gentleman in play as well as in business and that is the secret of why and how Hamlin people have backed the Pipers this year.

In counting up who is leaving and who is to be in the team in 1939, perhaps 40 per cent of the boys will not be in school here next year. The ones leaving school, whether for college or to take up a place in life, their friends in Hamlin will expect to keep hearing of their high ideals in each and every struggle.

Little Miss Nadine Maberry of Borger came down for Thanksgiving with her father, Willard Maberry and wife.

## Hamlin Boy Making Good In California

### Spearl Ellison, Ass't Mgr. Sir Francis Drake Hotel

The Herald wishes to give credit to "Minimaxims" of Dallas, a monthly publication for the employees of the Hilton Hotels, for the privilege of using the above picture of Spearl Ellison, a former Hamlin boy who is making good in the hotel business in California. Besides the picture the publication has the following to say:

"One of the youngest men in the hotel industry to hold such a prominent position in a major hotel in the United States is Spearl Ellison, who, at the age of 25, is assistant manager of the Sir Francis Drake in San Francisco, and executive assistant to Don B. Burger, manager. He is in charge of food, catering and purchasing."

"Born at Arp, Texas, February 26, 1913, 'Red,' as he is called by his intimates, received his education at Hamlin High School, Hardin-Simmons University, and Abilene Christian College. While attending school in Abilene, he worked as assistant superintendent of service, working nights from 7:00 P. M. to 7:00 A. M. Later on, after finishing school, he worked as relief clerk and steward at the Abilene Hilton Hotel until February 1933."

"From February, 1933, to 1935, he worked as salesman for Standard Brands, Inc., in Wichita Falls, and American National Life Insurance Company and West Texas Products Company in the same city. In 1935 the lure of the hotel business proved too strong and he resigned his position as salesman."

## METHODIST PASTOR GLAD TO BE BACK

We are all delighted to be back in Hamlin for another year. Our stay here during the past two years has been very pleasant indeed. We appreciate the cooperation given us by our membership and the many kindnesses and courtesies shown us by the people of Hamlin in general. We are here to do the very best we can. We want to be a friend to everyone. If we can help anybody in anyway we want to do so.

Next Sunday is our Orphanage day. Let each one come prepared to make your offering to this worthy cause. If you cannot come please send in your offering. As you know this is our institution. There are four hundred children in our home there. These children are depending upon us. If each of us will only give as much as we spend on our own child for Christmas the home will be well provided for. Sincerely, H. W. HANKS.

Among the many new subscribers to the Herald this week is a new rancher in the country, Mr. Drew Dunn. Mr. Dunn purchased the Pringle Moore ranch eleven miles northwest of Hamlin last September. He is from Alice in South Texas. During the school term Mr. Dunn's family is in Abilene where a daughter is a student in Simmons and a son a Senior in the High School, and two other children in lower grades. Mr. Dunn is stocking his good ranch lands with high grade cattle and in many ways is to improve the ranch property.

M. T. Hudson and wife, and Jim Hudson and wife spent Thanksgiving in Cross Plains with Mr. and Mrs. Cling Hudson.

"Going to El Paso, he obtained a position as storekeeper at the Hilton Hotel. During the time he was at the Hilton, he worked in all departments. Spearl has worked as pantry man, fry cook, second cook, chef, maitre d'hotel, bell hop, superintendent of service, night clerk, room clerk, and purchasing agent during his apprenticeship in hotel business."

"Because of these qualifications, when Mr. Burger took over the management of the Sir Francis Drake in February, 1938, he called on Spearl Ellison to come to San Francisco and take over the position he now holds."

Perhaps there is nothing a community enjoys more than that of learning of the success in the battle of life of one of its young men or young women. Older people go about the affairs of their home-town and around them are numerous striplings of youth, in whose makeup are possibilities remarkable to realize in the future. There are a thousand lines on which a young man may succeed in life these days. However in this day and time the standard of efficiency embraces many more factors than most young people realize and before one knows it, life has sped by and the road is longer in the past than in the future. Spearl Ellison has proven that "every task well performed, helped on to a better one." The Sir Francis Drake Hotel in San Francisco ought to be headquarters for all folks from Hamlin and this part of West Texas.

Mrs. Stacy is one of Hamlin's pioneer women and her host of friends hope she will soon regain her health.

## LIFE GOES ON AT HAMLIN HOSPITAL

Last week the Herald went to press a day early and missed recording some of the new folks who discovered Hamlin along about that time. Now another week has passed and here is what the Herald finds on the records at the Hamlin Hospital:

Mr. and Mrs. C. B. Rush of Aspermont have a pretty daughter born on Tuesday of last week. Her name is Patricia Belle.

Mr. and Mrs. E. F. Cline, who reside south of Hamlin, have a tiny little daughter, Nora Frances, weight just four pounds, born last Friday.

Thanksgiving will be remembered by Mr. and Mrs. W. R. Jones, as on that day Donald Lee came to live with them. Weight? No we failed to learn that, but about 18 years from now maybe his weight will be listed in the football squad.

Out on the new-named ranch (Dunn Ranch) reside some new people, Mr. and Mrs. D. M. Cooper, and they have a new cowboy out there too. His name is Dee Lane Cooper, weight eight and one-half pounds. Dee Lane came Saturday and seems to like the ranch very much.

Also a bouncing 8 pound boy was born to Mr. and Mrs. H. Hester of Neinda at 6:30 Thursday morning.

Other notes about sick folks may be added. Mrs. Byron Agnew and daughter, Maxine, were dismissed from the hospital last Monday after being very sick there.

Little Jerry Vaughan of the Dovie community, was able to return home Wednesday of last week after a narrow call several days previously.

Mrs. J. W. Cox from Lubbock had a minor operation last week.

## HAMLIN MISSION

We begin a revival meeting Saturday night, Dec. 3rd. Services only at night, beginning at 7:15.

Rev. Robert Jones of Cisco will do the preaching.

DR. L. P. McCRARY.

### MRS. J. W. ELLISON'S BROTHER KILLED IN CALIFORNIA

Last Sunday a message came by telephone from an undertaker in Corsicana who had received a message that sought to identify a man killed by a train in California on Friday.

Spearl Ellison in San Francisco was asked to investigate and see if the man, Floyd Moore, was that of his uncle and formerly of Corsicana. It proved to be Mrs. Ellison's brother.

Mr. and Mrs. J. W. Ellison left early Wednesday for Corsicana to attend the funeral.

No particulars of the death were known before the family left Wednesday.

## MR. O'DANIEL STARTS

The press carried Tuesday morning the first list of Mr. O'Daniel's advisors. It included about 30 names, ranging from millionaires to housewives. These citizen advisors are to meet the to-be-governor in Fort Worth Monday. Nothing indicates that members of the legislature will be present, but if anything good comes from the gathering of so wide differences of interests, and opinions, a large number of the legislators should listen in on what is said.

It is a good idea to have various sections assembled, however to talk things over. It will be fine copy for the newspapers to let the public know what was said and who said it and just why. Everybody will quickly admit that Mr. O'Daniel needs advice, information and directions as to what to do. About the first thing the people who meet him at this first conference, will likely tell him, is that not much of all the stuff he promised Texas is possible of fulfillment. That will be something. Maybe good will come of the conference, and we all must say that it is "Something Different." If the conference lasts long, there will be so much said and so many different ideas expressed of what should be done that, even if it is transmitted to the legislature, it will be too voluminous to absorb. Let's hope that the gathering of "non-politicians" will not make of them protracted, profound, professional politicians.

Mr. and Mrs. Homer G. Rountree and little son, Homer Jr., of White-wright, Texas came over on Wednesday of last week to enjoy a Thanksgiving visit with their parents, Mr. and Mrs. J. D. Rountree. Homer is with the Community Public Service Co. as a district manager. He began his first utility service in Hamlin and his friends are glad to see him move up in his line.

Mrs. A. L. Talley, of Dallas, has been at the bedside of her mother, Mrs. H. A. Stacy, since Friday of last week. Mr. Talley returned Sunday.

Mrs. Lucille Willis, of Los Angeles, California, returned to her home Tuesday after a week's visit here with her parents, Mr. and Mrs. T. B. Scarborough.

Dr. and Mrs. J. Duff of Houston were guests of Dr. and Mrs. U. J. Dowling during the Thanksgiving week end.

William Sandsell of Dallas visited with Dr. and Mrs. Dowling last week end.

Dr. Knox Pittard Jr. of Houston was a visitor with Dr. and Mrs. U. J. Dowling Thanksgiving. Dr. Pittard is a son of the druggist, Knox Pittard, of Anson, but it would appear he has an attraction in Hamlin. He is an intern in a Houston hospital.

Grover Bryson who has been with his brother-in-law in school at Ysleta, returned to the Hamlin High School last Monday.

Mrs. L. P. McCrary and granddaughter, Miss Victoria Rhodes, went to Tulsa Thanksgiving to visit Mr. and Mrs. A. M. Rhodes. They were accompanied by O. D. Conner as far as Lawton where he joined his wife and baby and then all came back Sunday with Mrs. McCrary and Miss Victoria.

Miss Bernice Shelton visited Miss Beulah Lou Burns in Sul Ross last week returning on Wednesday.

Mr. and Mrs. Calvin Smith left this week for Eldorado, Texas where Mr. Smith will be connected with an oil drilling project. They are not leaving Hamlin for good as they are leaving their furniture here.

Up from the big Texas University came J. B. Terrell, John F. Green, Clifford Reynolds Jr. and Calvin Smith Jr., and from Baylor University J. C. Turner, Marvin York, Earl Whaley and Fred B. Moore, all to eat turkey at home last Thursday till Sunday.

John Tarleton seems to be feeding Hamlin boys fine if we may judge the looks of Lee Greenway and Charles Prater who came over for Thanksgiving.

Misses Lucile Newsom, Constance Teague, Lois Ellen Stell and Nora Cohen, all Abilene College girls, were over for Thanksgiving in Hamlin.

Supt. and Mrs. C. G. Green attended the State Teachers convention in Dallas the past week end, and visited Mrs. Green's relatives in Wolfe City. They were accompanied by Mrs. J. O. Jones who visited relatives in Dallas.

Principal Gordon Bennett and wife and little daughter took advantage of the Thanksgiving time to attend the big convention of teachers in Dallas.

Miss Fay Duncan, teacher of home making in the High School, spent Thanksgiving in Alvarado with her parents.

Mr. and Mrs. Jack Wilson of Hollis, Okla., came down to Texas for Thanksgiving with their mother, Mrs. M. Y. Wilson.

Mrs. G. W. Walser of Hartshorn, Okla., spent the past week here with her sister, Mrs. M. Y. Wilson.

Mr. and Mrs. Elmer Feagan enjoyed a visit with their son, Richard, in Dallas and while there saw the big game between T. C. U. and S. M. U. Saturday.

Mr. and Mrs. Carl Young visited their sister near Dallas during Thanksgiving and attended the big football game there Saturday.

A. G. Arnett, one of Hamlin's first pioneer citizens has sold his home on Union Ave. to Mr. and Mrs. Norman F. Anderson, who have occupied this home since Mrs. Arnett died. Mr. Arnett will visit for a while among his relatives and will not make Hamlin his home again.

# Farmers, Take Notice! Prepare to Vote Dec. 10

Special to The Herald.

ANSON, Nov. 29.—Questions and answers on penalties for selling cotton which is produced in 1939 in excess of the farm marketing quota.

Q. What will be the penalty for selling cotton which is produced in 1939 in excess of the farm marketing quota?

A. Three cents a pound on the excess cotton sold, to be collected by the buyer. The penalty was 2 cents in 1938.

Q. What will be the penalty for selling cotton in 1939 that was produced in 1938, in excess of the farm marketing quota?

A. Two cents a pound. However, cotton produced in 1938 which would not have been subject to the penalty if sold at that time may be sold in 1939 without penalty.

Q. Is a farmer affected in any way if quotas are in effect and he knowingly overplants his cotton acreage allotments?

A. Yes; he loses all conservation payments, loses parity payments on cotton produced in 1939 on the overplanted farm, and loses the opportunity to obtain a loan on the amount of cotton in the marketing quota for his farm.

Q. Do all farms have to pay the penalty on excess cotton?

A. No; the penalty does not apply to cotton produced on any farm which has received a cotton allotment and on which the production in 1939 is 1,000 pounds of lint cotton or less. If the production is more than 1,000 pounds the penalty applies to the amount of cotton marketed in excess of the quota. However, no conservation payments will be made in any case if the cotton acreage allotment is knowingly overplanted and no parity payment will be made on any farm where the acreage allotment is overplanted.

## PAYMENTS

Q. What payments may cotton producers receive in 1939?

A. Producers who comply with the 1939 program will receive conservation and parity payments. The rate of payment will not be affected by cotton marketing quotas.

## LOANS

Q. Does the program provide for cotton loans?

A. Yes; if marketing quotas are in effect, a loan will be made (1) if the average price of cotton on August 1 or at any later date during the marketing year is below 52 per cent of parity, or (2) if the 1939 August crop estimate for cotton is greater than a normal year's domestic consumption and exports.

Q. Will loans be available in 1939 if marketing quotas are rejected?

A. No; if quotas are rejected by vote of the producers, loans will not be available between August 1, 1939 and August 1, 1940.

Q. What will the loan rate be?

A. The act provides that the loan rate be based on seven-eighths inch middling cotton and is to be fixed between 52 and 75 per cent of the parity price of cotton. At present the parity price of cotton is 15.7 cents, while the loan rate is 8.3 cents per pound.

## SAFEGUARDS

Q. What provision is made for a review of a producer's marketing quota when it seems unfair to him?

A. Provision is made for appeals to a review committee. The committee is made up of farmers other than members of the local committee which established the farm allotment. It is the duty of the committee to review the method of establishing the quota, to see that the quota was established according to the provisions of the law.

Q. How are growers protected in case of a cotton-crop failure?

A. They are assured of conservation and parity payments, on their normal production if they do not exceed their cotton acreage allotments, and meet other provisions of the program.

## VOTING ELIGIBILITY

All farmers who were engaged in the cotton production of cotton in 1938 are eligible to vote in the referendum (except as provided in the following paragraph). Any person who shared in the proceeds of the 1938 cotton crop as owner (other than a landlord of a standing-rent or fixed rent tenant), tenant, or sharecropper shall be considered as having been engaged in the production of cotton in 1938. Farmers who planted cotton in 1938 but produced

no cotton on such acreage for any reason except willful neglect to farm the planted acreage, or who made arrangements to plant cotton in 1938 but were prevented from planting by flood, excessive rainfall, or drought, shall be regarded as having been engaged in the production of cotton in 1938 and therefore eligible to vote.

Since marketing quotas are not applicable to cotton the staple of which is 1½ inches or more in length, a person who was engaged in the production of such cotton in 1938 is not eligible to vote, unless in 1938 he was also engaged in the production of cotton the staple of which was less than 1½ inches in length.

No farmer (whether an individual, partnership, corporation, association, or other legal entity) shall be entitled to more than one vote in the referendum, even though he may have been engaged in the production of cotton in two or more communities, counties, or states in 1938.

In the event several persons, such as husband, wife, and children, participated in the production of cotton in 1938 under a single rental or cropping agreement or lease, only the person or persons who signed or entered into the rental or cropping agreement or lease shall be eligible to vote.

In the event two or more persons engaged in producing cotton in 1938, not as members of a partnership but as tenants in common or joint tenants or as owners of community, each such person is entitled to vote.

There shall be no voting by mail, proxy, or agent, but a duly authorized officer of a corporation, firm, association, or other legal entity or a duly authorized member of a partnership may cast its vote.

If a community referendum committee determines that a farmer residing within the jurisdiction of such committee at the time of the referendum is eligible to vote by reason of his having engaged in producing cotton in another community in 1938, the committee may issue a ballot for to him and permit him to vote, provided the committee also satisfies itself that such farmer has not previously voted in the referendum in another community. If the committee cannot so satisfy itself and the farmer insists upon voting, it shall challenge the ballot in the manner hereinafter outlined.

## BUSINESS POINTS WORTH KEEPING

When business enters the door, scruples too often fly out the window. That's the indictment Nina Wilcox Putnam levels against business relations in the current Rotarian Magazine. Drawing upon her own experience in commercial transactions, the widely known author, in presenting the woman's point of view, outlines a set of simple, practical rules for improving business relations. Here they are:

"First, be sure you know what you want before you enter into any business transaction. Think the matter through clearly, and refuse to compromise on cheap substitutes, either material or ethical.

"Never allow yourself to be rushed into a hasty decision either by overenthusiasm or by false pride. One of the most frequent causes of business failure is our natural unwillingness to admit to the other fellow that we may not be able to 'put it over.'

"Never buy anything you can't pay for. Don't take a chance on something turning up later to cover your indebtedness. That sounds like putting the brakes on a lot of creative enterprise, but genuinely creative enterprise is never a gamble.

"Be sure you give what you are being paid for. All business growth, be it in the selling of apples or in the selling of ideas, is built on repeats.

"Never use your personal affairs as an alibi for nonperformance. The purchaser is interested in the goods he gets, not in your private problem.

"Never be 'smart alecky' or affected in your manner when a business deal is involved. Your approach will be anything but welcome. A direct, simple, and natural manner is your best introduction to any client or prospect.

"Never try to get something for nothing. The effort, always futile, is spotted immediately and brands you indelibly as a fake. People don't forget that sort of thing and they are not reluctant to spread the news.

"Never, NEVER lose your temper no matter how wholly wrong your business contact of the moment may be. By losing your temper you put yourself at a disadvantage. Many a deal has been consummated satisfactorily to all parties because one of them kept cool.

"Don't waste your vital energy by brooding over a bad business deal or a business injustice. Forget it and go ahead with something new.

"Always fulfill your contracts on time, or a little before time if possible. The upstage gesture of delay is an empty one, no matter how important you are. He who can be depended upon is the one who gets results.

"The successes of dishonesty and charlatanism are usually brief, believe it or not—just like the success of crime in a lesser degree. 'Getting away with it' is not business success; it is slack-wire performance on a rusted wire.

"Above all, assume that the other fellow is at least as decent and honest as you are. Distrust engenders distrust. Faith often begets faith in the most surprising degree."

Another bunch of college girls at home for Thanksgiving were Misses Geneva Jo Maberry of McCauley, Lois Anderson and Ruth Eckler — CIA girls.

Dr. A. E. Pardue who has been very ill at his home on Central Avenue was reported to be slightly improved Thursday morning.

## Thinking of Papers?

The Herald has some very attractive clubbing rates for Semi-Weeklies and Daily Papers—don't overlook the fact that the Herald is your home paper and has your personal interest at heart—Some people depend on "borrowing" the Herald, but that is only better than nothing—it costs so little and can mean so much to each one in the family—Read your home paper first and then a good daily or semi-weekly state paper. . . . The HERALD goes anywhere for a whole year for \$1.00

**MISS VERA TATE, McCauley**  
**TEACHER, WEDS MR. WALTER**  
**HICKS, OF CORPUS CHRISTI**

Below is a re-print of the wedding of Miss Vera Tate who was married at Big Spring last Saturday, as reported in the Big Spring Herald. Miss Tate is a niece of Mrs. J. W. Ezell and Mrs. M. P. May and has many friends and acquaintances in Hamlin.

"In an impressive candlelight ceremony Saturday evening at 6 o'clock Vera Tate of Lubbock became the bride of Walter N. Hicks of Corpus Christi at the home of the bride's sister, Mrs. Clyde Angel, with Dr. C. E. Lancaster, pastor of the First Baptist Church, officiating.

"The vows were repeated before an open fireplace flanked with flower baskets of chrysanthemums. The entire scene was reflected in a mirror above the mantel and tall tapers burned in chrysal holders on either side of an arrangement of fern and fall flowers.

"The bride, who is the daughter of Mr. and Mrs. G. W. Tate of Lubbock, wore a royal blue velvet afternoon frock with rhinestone trim and an off-the-face hat with short veil. Her costume was completed with black bag and slippers and royal blue gloves. Her bouquet was of tulle and roses.

"Only immediate members of the families were present for the ceremony including Mr. and Mrs. G. W. Tate and two sons, George and Sammie Tate, of Lubbock, the groom's parents, Mr. and Mrs. W. G. Hicks and two of his sisters of Corpus Christi and Mr. and Mrs. Clyde Angel.

"Immediately following a dinner given by the bride's mother, the couple left for Corpus Christi where they are to make their home. Mrs. Hicks wore a going-away costume of fine wool with wine and gold accessories.

"At the wedding dinner a three tiered wedding cake topped with a miniature bride and groom was cut by the bride.

"Mr. and Mrs. Hicks are graduates of Texas Technological College and for the past three years she has been teaching at McCauley, Texas. While attending Tech, Mrs. Hicks won a speech scholarship and Hicks was high ranking senior in the engineering school. He is a member of Phi Phi, honorary fraternity, and Kamas club, Tech social organization. He is chemist for an oil company in Corpus Christi.

"At noon Saturday, Mrs. Angel entertained the wedding party with a buffet luncheon which was served on individual tables laid with imported white cloths. Yellow flowers in crystal vases centered the tables and yellow and white chrysanthemums were arranged throughout the house."

A color theme of white and yellow was emphasized in the dining room where the table was laid with a cloth of Irish lace, centered with yellow chrysanthemums and lighted by tall white tapers in crystal holders. As Mrs. Rector softly played Lohengrin's wedding music, little Miss Frankie Sue Madden, dressed as a bride, entered on the arm of James Ronald Maberry who was pulling a little wagon which bore a placard "Just Married." The wagon was filled with lovely gifts which were presented to the honoree.

More than ninety guests enjoyed this delightful afternoon.

**HOME COMING HELD**  
**FOR CLASS OF '38**

Friday evening, November 25, at the high school building, several mothers of the class of '38 were hostesses at a homecoming in honor of the class of '38 and other ex-students of Hamlin High who are now attending college. The high school faculty, representatives from the classes of '39 and '40, and others were also special guests.

After inspiring talks made by Rev. Hanks, Mr. Tom Teague, and Rev. Littleton, Mr. Gerald Morgan was called upon by Mrs. Teague to preside. In a unique manner Mr. Morgan drew an enthusiastic response from nearly every ex-student present. Each spoke enthusiastically for the college or university he is now attending.

Following this part of the program, all exes found pleasure in visiting their old lockers, some of their classrooms, and the library. The true Thanksgiving atmosphere and Hamlin High School spirit prevailed in the exchange of greetings among those present. The guests were then directed to a long table in the corridor on first floor where each was served a plate filled with delicious sandwiches, fruit salad, potato salad, olives, hot chocolate, and pie.

Much credit belongs to the following who made this occasion the most enjoyable social function for those spending the holidays in Hamlin: Mrs. Cal Smith, Mrs. C. C. Prater, Mrs. D. W. Stell, Mrs. Ed Bailey, Mrs. P. A. Fowler, Mrs. Clifford Reynolds, Mrs. Odom, Mrs. H. W. Hanks, Mrs. B. H. Gardner, Mrs. W. E. Akers, Mrs. Burns Eakin, Mrs. D. F. Park, Mrs. Redus, and Mrs. Tom Teague.

Many of those present expressed a desire to form a permanent organization of all exes and make homecoming an annual affair in Hamlin High School.

Miss Laura Q. Martin, who is a student in North Texas State Teachers College, Denton, came home for the Thanksgiving and week end with her parents. She was accompanied by Miss Elmo Wilson and their former classmate, Miss Alpha Theta Cummings of Alvarado. Others of the Denton schools represented in the Thanksgiving homecoming were Misses Fay Laverne Howard, Mary Dell Park, Velma Redus, Marie Akers and Geneva Jo Maberry.

It brings you more than an oil-change, because right after it is pumped up from the crankcase like any oil, it does something any oil cannot do. Energized by the Germ Process—patented—it bonds to every working part and stays up lastingly in the form of OIL-PLATING. Even grindstones can scarcely remove OIL-PLATING, so it certainly cannot

drain down while your car stands cold—no matter how long. Therefore the instant you want to start up, every engine part swiftly and safely slides into action on its ready OIL-PLATING—the lubricant that plainly can't be held back by any cold; that can't hold back your battery. The quick starts tell you there's no grinding wear in your OIL-PLATED engine. It won't get hoggish with your Conoco Germ Processed oil, another good straight reason for you to change to Your Mileage Merchant today.

## BETTER LUCK DEER HUNTING

HAMLIN, SYLVESTER MEN

Monday, down at the bank, the chief subject was "deer hunting."

W. C. Russell spent all last week "somewhere down in Texas" in company with Chunk McCurdy, Roy H. McCurdy, Paul Bryan, T. E. Hardin and Roy Gilbreath. This many fellows should have gotten the limit, but the only dead shot in the crowd was Chunk who landed an eight point buck, and another was mortally wounded but got away.

This was better luck than a few others had.

While Hamlin men discussed deer, another man, Supt. R. F. Elliott of Sylvester, began to listen in, and soon the Herald learned he and others of Sylvester had some fun down in the Leaky country and landed two nice bucks, allowing a third one to get away. In the Sylvester crowd were Elmer Hawkins, Lee Brewer, B. Hood, J. J. Self, Paul Turner and Supt. Elliott. Only Hawkins, Brewer and Hood got shots.

The Hamlin fellows might have had better luck if they had not stopped so close to San Antonio. There is too much attraction in San Antonio to fit into deer hunting. Anyway, Chunk, thank you.

Mr. and Mrs. John Boyd of Houston and Mrs. Allyne Lewis and children, and Mr. and Mrs. Marvin Hampton of Sweetwater were here during Thanksgiving to visit their mother, Mrs. Forrest Boyd.

## YES SIR, HE IS

AT HOME FARMING

Last Saturday, Rev. L. K. Malone met the Herald man on the street and with a twinkle in his eyes, he says, "Bro. Pope, please put it in the Herald that I AM at home on my FARM east of Hamlin and farming just like I always did" Now that's something . . . you see lots of Rev. Malone's friends still think he is living partly in Arizona and sometimes in Texas. Yes, sir-ee, any one shaped up to get married can find a competent man who has tied many good knots, right out east of Hamlin.

John V. Howard, proprietor of the Model Grocery, is in the Abilene Hospital improving from a dangerous case of pneumonia. John took ill on Wednesday night of last week and for a while his case seemed fatal. Late reports say he is doing nicely.
